ABOUT ME

I am studying in Tartu Vocational College to become a software developer.

I have gathered entrepreneurial experiences as my team won the local government's **best start-up** title in 2014.

My special interests in filmmaking and musical improvisation have led me to film **Improv Film Lab's** where I received the title of **best director** in 2025.

EXPERIENCE

The Institute of Psychology of the University of Tartu. 2022

Creative worker

Content creations and visual designs on web course called "Consciously into the future - my career plan".

Tartu Herbert Masing School. 2018 - 2022

Therapeut

Dense teamwork, course trainings , coaching and performances.
